Heifers were very settled at assessment, They were Easy To Draft, They Did Push A Bit In The Race

Handled With	Bikes , On foot , Vehicles
Assessor Comments	A line of black baldy heifers that were purchased last year with this project in mind, They were selected at purchase time for their temperament, conformation and growth for age, They have been joined to Pinora Angus sires that were selected for calving ease as well as strong growth and carcass data, They are well grown and as indicated by their conception timeframe very fertile heifers that present in ideal calving condition, They would be an asset to any commercial herd as a top up or as potential foundation breeders for a start up operation.
