Typical Euros. Reasonable to handle. Processed through an average set of yards without much issue.

Handled With On foot , Vehicles

Assessor Comments A handy run of cows PTIC. Some big Euro frames amongst them, and a younger cow who has some maturing to do. These cows calved without any assistance last year to the same Sire, and weaned very fresh calves. Cows to turn out and produce good vealers in the right conditions. Being sold due to out of Sync calving hence the spread in age.
