Very quiet heifers as video will show, very well handled and easy to work with

Handled With	Bikes
Assessor Comments	Opportunity to secure an outstanding line of Angus Freesian heifers. PTIC for a July onwards calving for a nine week period. Sired by the Ireland Angus Bull out of large framed Holstein cows, these heifers are in excellent forward condition. Joined to Keystone FP10 Limousin bull. Please note that several heifers had the remnants of slight pinkeye scarring that did not appear detrimental. Ideal for the astute vealer producer, very well handled and very quiet
