Assessor Comments	An outstanding line of predominantly Angus x Hereford / Angus Hereford cows that have done an exceptional job on their calves and have had no trouble getting back into a tight 8 week calving, Cows are joined to Mandeyn Limousin Bulls and will commence calving in late June for 8 weeks. Cows have a full sound mouth and have shown great milk for their exceptional calves. These cows are being offered as a part of a genuine spring calving dispersal. A great opportunity to secure large framed sound breeders for years to come. Vendor has a further 2 lines in the same sale.
