Assessor Comments	Offering for sale a neat line of forward store medium frame Murray Grey cows with fresh Ewyn Speckle Park cross calves at foot. The cows are showing good bone & length of body, strong on their feet, healthy & true to type. While only medium frame, the Fingerpost cows have always produced progeny which on good feed, perform & grow out to the producers desired target market. The calves at foot are fresh and receiving good milk supply from their mothers. NOTE, the calves in this offering are NLIS tagged but not marked! This offering have been grazing on dry land pastures supplemented with vetch/clover hay. Given the cows 3-6 year age band, the purchaser has the opportunity to get further calves on the ground in the future. A great opportunity for smaller producer to pick up a good quality, quiet line of cattle. This line has not had the opportunity to a bull since calving.
