Assessor Comments	A very tidy line of cross bred PTIC Heifers with ample frame and weight for age, good types of females to mature into quality future breeders. Visually showing signs of being in calf with the lead heifers starting to show udder development. Principally Black/Blue coat colour with the balance red/roan or grey. These cattle are joined to commence calving in June so please note the term of pregnancy for transport. *Vendor has 4 lines of PTIC females on offer in this catalogue*
