Temperament

Yards	Crush	Paddock
Docile: 8 head	Docile: 8 head	Quiet: 8 head

Cows were very quiet and calm through the yards.

Handled With: Bikes , On foot

Assessor Comments: Nice line of crossbred cows with calves at foot by a Red Angus bull. Cows are proven breeders that have calved each year and raised a good calf. Cows have calved over a 4 week window and are ready to rejoin to a bull of your choice. Predominately red baldy's or broken baldy's with one straight red cow. Cows were very quiet to handle both in the yards and the paddock and would be well suited to a small farm. Please note: One cow is lame in the hind leg as can be seen in video. Has been like this for some time and hasn't affected her going in calf or having a calf each year but please factor into your bidding. One cow has a cloudy eye that is weeping – not considered detrimental. Assessment date of 28th April - calves will have over 2 weeks growth since weighing.
