Assessor Comments	24 top quality Angus heifers, the Varidel cattle are some of the most reputable Angus cattle in the district. These cattle are sired by top class Texas Angus bulls where no dollar is spared for quality and out of one of the best Angus cow herds in the area. These heifers are very good quality and show all the attributes of growing out into A grade females that would be an asset to any operation. The Varidel family won the MSA eating quality award at the 2021 Brisbane expedition which is a credit to years of breeding, hard work and planning while always purchasing top quality sires with the desire of improving their herd. A true credit to the vendor for producing this small but mighty line of heifers.
