Assessor Comments	A top quality line of EU Angus cows PTIC to DSK & Bowen Angus bulls. These cows still have productive lives ahead of them and have performed exceptionally well for the vendor producing steers that have won awards in feedlots and contributed further quality females to the Toynton herd. These growthy females will be an asset to any herd. Buyers please note approx. 16 cows have white on their udder. 5 cows noted with old eye scarring with no vision issue. A small portion of cows were also noted to be showing signs of rubbing
