Assessor Comments	Good honest line of station cows in which there is 61 in total to be sold as 3 runs of 20 out the gate. These cows are really in the prime of their life with their second calf beside them and running back with an Rockwood Angus bulls they are in forward store condition and are putting a lot into their unmarked calves. A small percentage of cows have old blue eye scarring not deemed to be detrimental in my opinion, ideal way to be into breeders with income not that far down the track.
