Assessor Comments	2 x lots of 35 to be sold run out the gate. PTIC cows joined to Bongongo, Reiland and Alloura Angus bulls identified by the vet to be in the first 8 weeks of conception to calve approx 27th August - 22nd October (8 weeks). Vendors generally spend \$10-20k on Angus bulls at Bongongo. There is also another lot of 50 head to calve over the following 8 weeks. Please note; age is a estimate as not all cows have tags and not all colours correspond to the year - purchase as aged cows to trade with great opportunity to put 120 PTIC cows back together. Small number of cows have old scarring in one eye, not seen as an issue in assors opinion. Please call for more information.
