Assessor Comments	PTIC cows joined to Bongongo, Reiland and Alloura Angus bulls identified by the vet to be in the second 8 weeks of joining, the first 8 weeks are also in the same sale. This offering is all the later detected hence the younger cows in this lot. Vendors generally spend \$10-20k on Angus bulls at Bongongo. Please note; age is a estimate as not all cows have tags and not all colours correspond to the year - purchase as aged cows to trade with great opportunity to put 120 PTIC cows back together. Small number of cows have old scarring in one eye, not seen as an issue in assors opinion, 1 x larger udder. Please call for more information.
