Handled With	Well handled cows that were easy to handle throughout the assessment. Bikes , Vehicles
Assessor Comments	Very good quality, large frame, Landfall Angus blood PTIC cows that would be great cows to take on. Cows weighed 662kg

full (548-772kg) at assessment. Only being offered to tighten up the calving period, these should all calve within a tight 3-4 weeks. They are in calf to LBW Landfall Angus Bulls and expected to calve September/October. Cows are all structurally sound and quiet to handle and would suit the smaller operator wanting a small line of no fuss cows. Please note; vendor has two other lots in todays sale for a total of 26 PTIC females being offered.
