These Cows are extremely quiet as the video shows. As a total stranger I could walk up to within a Metre or Two in the paddock and virtually pat them on the head.

Assessor Comments	A small group of Vendor bred, Pure Limousin Cows that are due for their Second Calf in the Spring to a Black Limo Bull. All successfully reared their First Calf this year. Please note that we were unable to weigh these animals. I don't think I would be far off in my estimation. Cows are good quality with typical Limousin conformation. Good body length, thickness and muscling. Temperament is as good as I have found. This would be an extremely rare commodity and if you are looking for a few well bred, quiet young PTIC Females I suggest you seize the opportunity and also take advantage of free delivery within 100 Km.
