Steers were easy to handle and process, with some becoming impatient and nervous under pressure in the crush while assessing. Steers soon settled once back in the mob. Well educated steers and would be easy to have around.

Assessor Comments	Buyers, a great opportunity presents itself to purchase a group of 40 GOOD QUALITY Angus & Hereford infused weaned steers. These steers present in store condition, and have been fully weaned and handled, therefore offering a quick settling period once arriving in their new environment. Please note, some steers show very minor signs of lice, two steers presented with cloudy blue eyes. Domestic Feedlots and backgrounder operations have previously purchased with favourable feedback. A great opportunity to purchase a line of Good Quality flat back steers, Located 20 minutes West of Condamine QLD. Please review photos and video for further satisfaction.
