Assessor Comments	Buyers, Here is a good line of quality Ultrablack heifers that average 256kg. These heifers show great volume with plenty of room to fill out. Heifers have nice length of body with good spring of rib and ooze softness. Heifers show nice muscle expression but still remain very feminine types. All heifers have been weaned and are read to do. Heifers worked very well through yards. This is a great opportunity to purchase a good line of replacement heifers. Vendor has other lines in same sale.
