Assessor Comments	Buyers, here is a great line of well bred front paddock Santa, Charolais & Angus cross steers that avg 300kg. These steers show tremendous softness with plenty of bone and muscle, have great depth of flank with length and volume. This line of steers have great weight for age with nice breed type. Steers are out of medium to large frame cross bred cows by good quality Charolais & Angus sires. They worked very well through yards. These steers would suit to background out to feeders or bullocks. Steers are grass only eligible and antibiotic free.
