Generally all very quiet in yards, very odd heifer stirred up when in the crush. Generally not a problem. The owner had no problem yarding the heifers with bikes & horses.

Handled With	Aerial (Helicopters, gyro's and planes) , Bikes , Horses
Assessor Comments	A good line of mostly Brahman cross heifers, weighed 238 to 314 kgs to average 286 kgs 14 hours off feed. Heifers are in fresh store to forward store condition and have grown out well on soft Buffel country. They were all easy to handle in the yards. The heifers present fresh in the coat and are in good healthy condition going forward. An obvious tail has been removed!
