Assessor Comments	(Ideal herd replacement heifers) A very good quality line of Brahman cross heifers, weighed 211 to 311 kgs to average 283 kgs 14 hours off feed. Heifers are in fresh store to forward store condition and have grown out well on soft Buffel country. They were all easy to handle in the yards. The heifers present fresh in the coat and are in good healthy condition going forward. An obvious tail has been removed! The last six months at Breena Plains has done them the world of good, they are close to being ready for the bull of your choice! See other 70 same brand in this sale
