Assessor Comments	A good to very good quality line of predominately black and black broken baldy steers, well grown for age and showing good bone and conformation. Medium to large frame steers which are the lead of the drop, they suit to background to quality feeder or slaughter markets. They are Coles Graze accredited and are PCAS eligible. Approx 6 steers in the line with white underbelly and legs appears to have come from the Hereford side. Note the other line of 32 steers this sale also which are the Red Steers. Also note the steers were weighed 4 hours off feed on a cold, frosty morning and had been off the crop for 6 days, hence the -3% shrink. Returned after assessment to a good paddock with fresh feed.
