Steers handled very well through the scales and crush. They settled well after weighing and have good movement through the yards.

Handled With: Bikes , Dogs , Vehicles

Assessor Comments: A good quality line of red baldy steers, well grown for age and showing good bone and conformation. Medium frame steers which are the lead of the drop, they suit to background to quality feeder or slaughter markets. They are Coles Graze accreditated and are PCAS eligible. Note the other line of 41 steers this sale also which are the black Steers. Also note the steers were weighed 4 hours off feed on a cold, frosty morning and had been off the crop for 6 days, hence the -3% shrink. Returned after assessment to a good paddock with fresh feed.
