Assessor Comments: A small line of genuine Weaner Steers, sired by quality Yamburgan & Weebollabolla blood bulls and out of large frame heifers/cows. At assessment the steers weighed from 211-344 to average 284kg full after being in a holding paddock beside yards on cows. These steers present in a store to forward store condition, carrying a heavy winter coat and would really bounce ahead on crop. Please note 18 heifers from same vendor also available. Please note 1 steer @ 211kg was

	weaned early when its mother died but seems to be stealing a drink.
