Handled With	Yamburgan blood heifers & out of Weebollabolla Dogs , Horses		

Assessor Comments A small line of genuine Weaner heifers, sired by quality Yamburgan & Weebollabolla blood bulls and out of large frame heifers/cows. At assessment the heifers weighed from 225kg-345kg to average 275.5kg full after being in a holding paddock beside yards on cows. These heifers are defiantly a lot of heifers to put in the front paddock and grow out and join

up to bulls of your choice. This is a complete drop of calves no heifers retained out of this mob as they are a latter drop than the main herd. Please note 12 steers from same vendor also available.
