Assessor Comments	Presented in Store to forward store condition is a run of 20 September/October drop, vendor-bred steers. These steers are in their winter coats and present a good opportunity to gain weight given the right climatic conditions. Steers are calm and flow well through the yards, which is a testament to their yard weaning experience. Sired by the Karoo bull, these Steers support a range of operations, offering many opportunities for future trade. Please note: One Steer has slight blue scarring in one eye, not detrimental or greatly effecting vision. please refer to photograph. The Assessor noted one steer with droopy ears, please refer to photograph.
