Assessor Comments	Quality line of vendor bred Angus grass fed steers with an average of 350kg at assessment, these steers present in fresh forward condition with good bone and shape. These steers are exceptionally easy to handle and process, steers flowed through yards and mustered easily in paddock. They would be ideal to take home and put into any feeder program. (Please note; 3 x steers had mild pink eye scaring. Deemed not detrimental) Vendor has another 2 x lots of steers in this sale.
