Assessor Comments	Here represents a quality line of 54 Vendor Bred EU Angus Steers that are 10-11 months of age and have been powering forward since weaning. These calves present in fresh forward store condition and come from one of the leading herds in the district. They are out of large frame Angus females by Onslow and Bannaby Bulls where the vendor consistently pays up to and over $20,000 for Bulls. Note, some calves showing signs of scratching but have been treated prior to assessment and have also had their first shot of Bovilis MH+IVR. Assessors high recommendations, will not disappoint.
