Assessor Comments	These quiet Hazeldean blood Angus heifers that weighed 192kg full (162kg–198kg) at assessment, inevitably the younger heifers in the drop. Ideal for the smaller producer to grow out to heavier kill or joinable weights or to put back together with their heavier sisters - note; they are grassfed and antibiotic free. They have been yard weaned and have received an A1 animal health program. All assessed as quiet and very easy to handle through the yards and crush with one stirry heifer removed from the line. Please note; vendor also offering the heavier line in this sale for a total of 39 heifers being offered.
