Assessor Comments	S & L Turnbull offer 18 Hereford steer calves, these calves present in forward store condition with signs of winter coats starting to appear. Very docile well educated calves that know there way around yards. With bulls being selected from Newcomen & Kanimbla for large growth traits and cows bred from Curracabark bloodlines these calves have all the stretch, length and bone to grow into big frame steers to pursue any feed program. Please note 3 calves were assessed with light pink eye scarring but nothing considered detrimental.
