Assessor Comments	A quality line of coastal bred Angus weaner steers. The Facy family's cattle are renowned for their performance and doing ability. Sired by high performance Angus sires sourced from Sandon Glenoch Angus, combined with being bred on coastal lantana country means these steers will do where ever they go. The vendor has pre-treated the steers and guarantees the steers clear of the dip (buyer to pay clearing fees, unless cattle are blocked). These steers have had both their 7in1 shots and treated with Bovi-shield. The temperament of these steers is exceptionally good.
