	Generally all very quiet in yards, very odd heifer stirred up when in the crush. Generally not a problem. The owner had no problem yarding the heifers with bikes & horses.					
Handled With	Aerial (Helicopters, gyro's and planes) , Bikes , Horses					
Assessor Comments	A good line of mostly Brahman cross heifers, PREG TESTED UNDECTABLE, weighed 299 to 469 kgs to average 373 kgs 36 hours off feed. Heifers are in fresh store to forward store condition and have grown out well on soft Buffel country. They were all easy to handle in the yards. The heifers present fresh in the coat and are in good healthy condition going forward. An obvious tail has been removed! NB: 4 head of similar heifers will be added to this line that weren't weighed or photographed. An ideal mob to fatten or put to the bull of your choice.
