	Steers were good to handle through yards, worked well through race, odd steer slightly agitated in crush at mouthing, calmed when back with mob.		
Handled With	Bikes , Dogs , Vehicles		
Assessor Comments	Backgrounding steers that have done exceptionally well on fresh summer and now winter feed, steers are just starting to hit there straps and moving forward. In there winter coat these steers, given the opportunity should grow out to target the trade or export market. Observed 1 steer with slight stain on pizzle, not detrimental. Have had the necessary health treatments plus Bovilis mH + lbr 1st shot, ready to go. Heavier brothers same sale.
