Assessor Comments	Heavier draft in this draft, have done very well on summer and now winter grasses & herbage since arriving in Nov. These steers would be ideal to feed on and target trade or export markets, they should, given the opportunity bounce away. Still with there winter coats on, come spring should do well, observed odd steer a bit tighter in the skin, doesn't appear detrimental. With there animal up to date including Bovilis mh + ibr 1st shot, they should be ready to go. Lighter brothers same sale.
