Assessor Comments	On offer is 33 young Angus heifers with huge potential. Heifers are of joinable weight and can be joined to a sire of the purchasers choice. 12-14 months of age. Heifer have great growth for age, these females averaged 357kg after a 22 hour curfew. Overall a great opportunity to secure high class females that are adaptable to multiple market options. These heifers would be great future matrons or are of ideal weights to go onto feed to trade or export weights. Note: 1 Heifer displayed ringworm, small percentage have just started to rub at the tail and 1 heifer had old blue eye scaring. 29 vendor bred, 4 not vendor bred brought as cows and calves.
