|                    | Steers handled well through yards and crush, very odd steer stirred up in crush and on exit from crush. Mostly steers are quiet and very good to handle.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |                         |                             |

| Assessor Comments  | Quality line of pure Hazeldene blood steers. Bred out of a quality herd that has a focus on breeding easy doing cattle with positive fat and high I.M.F. 3rd cut of steers sold as 2 x 44 head or 3 decks. These steers have performed well through a cold wet winter and will continue to grow given the opportunity. Steers present in forward store condition and will rapidly improve on crop or pastures. Weighed at 250-300kg. All feedback from major feedlots has been extremely positive and that the steers from this herd have performed very well. **NOTE** 128 head in the tops weighed 350kg+ 180 head in the 2nd weighed 300-350kg in same sale |                         |                             |
