Assessor Comments Quality annual sale of Poll Hereford weaner steers from Gum Creek STN. Steers have been weaned since late May. This is the 2nd draft of the complete drop of steers. Vendor has been breeding Wurruna Poll Herefords for over 20 years. These steers have a good track record of performance either at the feedlot or grass-fed and are grass-fed program eligible. Steers are in good condition and going forward since weaning. There are two steers with some scarring on the eye with no active pink eye observed. Please note there are two further lots of Poll Hereford steers and two lots of Angus X Poll Hereford
