| Assessor Comments  | An attractive line of Red Angus sired broken baldy steers that are very forward in condition due to their ample amounts of lucerne stand & quality hay fed out. These steers are extremely quiet and were a pleasure to handle. The Red Angus cross does these calves no harm and leaves striking markings on their face as displayed in the photos. Please note 2 steers had a weepy eye at assessment and fragments of hay was removed from their eyes. They were treated with ointment and will be expected to be fully healed by delivery. |                                           |                                     |
