Assessor Comments	An attractive line of Red Angus sired broken baldy heifers that are very forward in condition due to their ample amounts of lucerne stand & quality hay fed out. On feed, these heifers would be killable in a short period. Alternatively, the Red Angus cross in these calves do them no harm and they have striking markings on their face that would make front paddock breeders for years to come. These heifers are extremely quiet and were a pleasure to handle during assessment.
