Assessor Comments	A very even draft of Arcadia Farms spring drop heifer weaners. Heifers have been running at Kinglake for the bulk of 2022 and battled a tough autumn and winter with no real quality in the feed and bone chilling cold. The right recipe for these girls would be some warmth and hard feed and I'm certain you'd be looking at a much different article. Heifers are frame and hairy but have a sound background of Lawson genetics. 1x cloudy eye and most with some hair loss on neck line. 2x white on udder. 1x Red Angus heifer.
