Comment on Fat Score 1 Cattle	generally considered strong store condition with a small percentage of early maturing types forward condition. heifers assessed after 12+ hours in the yards and a truck ride under their belt and would expect them to pick up condition very quickly once back on normal pasture. no concerns trucking long distances, heifers are on very good nutrition plane and have ample energy reserves to travel long distance.
-------------------------------	---

Vendor Bred	No
	Vendor has owned stock for 6-12 months
Stock History	Predominately 2 x brands purchased as first round #1 Weaners from highly regarded commercial breeders north of Cloncurry and Charters Towers. small percentage of 3-6yr old cows purchased from normanton area bred in Julia Creek, Richmond districts.

Lifetime Traceable	Whilst every effort has been made to comply with NLIS requirements vendors cannot guarantee lifetime traceability on this mob.							
Bloodlines	Mixture of High grade Brahman, Charbray, Brangus and Composite genetics in these heifers. joined to Charolais, Droughtmaster and Brahman Bulls.							
Grazing Conditions	Good green stands of Fresh Buffell and Mitchell Grasses just beginning to dry out on top with 4-6 inches of green at the base. some Fresh Flinders grass and native annuals still persisting. on open undulating black soil downs. Returned same							
Burr/Seed in Coat	No Burr or Seed of weeds declared noxious observed in the coats at assessment
