Assessor Comments	66hd of PTIC crossbred flat back cows that are known for growth and performance. In calf to Nindooinbah and Palgrove Ultrablack bulls. The progeny of this cross are noted for growth in the paddock and the feed yard. Majority of these are an older line of cows that are an opportunity for the successful buyer to calve down and turn over. In this consignment we have mouthed any cows that did not have a clear age brand. Some cows are showing old scarring from buffalo fly. Vendor has other lots in the sale.
