Assessor Comments	A beautiful line of VET Tested, PTIC Large Frame, Soft & Roomy females. Quality Bulls have been used over these cows with most 3 to 5 months in calf. Large weaners have only just been pulled off these cows with the weaners showcasing the excellent job their mum's did rearing them! ** There is a couple with a spot blemish/blue eye but not detrimental** ** Please also note the scales were not functioning properly and weights were recorded as best as possible**
