Comment on Fat Score 1 Cattle	Any score 1 cows vary from store to the odd cow backward store but are certainly strong and considered fit to travel most distances. Long distance travel may require a spell.

Vendor Bred	Yes
Stock History	Vendor has been breeding Red Angus cattle for many years. Progeny are offered annually on A+ and are always popular. They recently sold 204 weaners through this system on 10th June 2022 with 247.5kg steers selling to \$2010 or 812c/kg.

Joining Details	Not Station Mated
-----------------	-------------------

Other Joining Details	All preg tested non detectable by Phillip Harpham on 20th July 2022. Bulls were in from December 2021 to May 2022.		
Any Access To Bulls or Stags?	To vendor's best knowledge, this lot has had no access to bulls or stags.		
Temperament	Yards	Crush	Paddock
	Quiet: 28 head	Quiet: 28 head	Temperament not assessed in Paddock
Handled With	Cows were very easy to handle in the yards and crush. Bikes , Dogs		
Assessor Comments	A line of mainly large to medium framed store cows that have been pregnancy tested non detectable. Cows are mainly 4.5 to 7.5 years with only 1 cow older. These will suit to either fatten on crop for a processor job or to put back with the bulls as they still basically have youth on their side. Noted 3 cows with old blue eye scarring or minor cloudy appearance, no issues here. There are also signs of some lice on these cows so they would benefit from a backliner. Also a further 56 cows PTIC also available and put together would make up a neat 4 decks.
