Assessor Comments	A very good line of santa & angus cross ptic cows from 2 to 10 years. All cows have been preg tested on the 9th of June to be 2 to 4 months in calf (at time of preg test) to the Santa bulls. These cows are only being sold as they are out of the vendors normal joining window all cows were good to handle through the yards and please note that the vendor has one more lot in this same sale. Please note the odd blue eye and a old hard lump on one cows neck
