	Heifers handled well in yards and have been handled by capable stock men since purchase, using dogs and horses in most cases. Heifers flowed through the yards typically of Northern bred pastoral cattle. Please see videos for reference.		
Handled With	Bikes , Dogs , Horses , On foot , Vehicles		
Assessor Comments	A nice line of young proven one mark breeders that have been joined back to Angus bulls joining at 2.3% ratio from the 24/5/22 too 24/7/22. With good size calves at foot an opportunity for cash flow income is just around the corner with young breeders to continue on with that have already been joined. Heifers were a pleasure to handle through yards and worked well off pressure. Calves are unmarked and present and excellent opportunity for a quick return on investment.
