| Assessor Comments                         | Buyers a great line of Angus cross heifers showing tremendous bone and depth of breeding , sired by high priced Burenda and Pathfinder Stud Angus Bulls out of large framed VGQ Braford cows . These girls would be an asset to most breeding herds or alternatively could be taken through to heavier weights to suit the lucrative Woolworths Domestic feeder market. Please note the large weight variance due to heifer calves weaned at 4 months old. Vendor retains no black heifers as replacements. Please note Vendor has 2 decks of Braford and 2 decks of Charolais cross heifers in the same sale |                                     |       |                |                                           |                                           |                                     |           |     |        |     |      |     |
