	Steers were handled through stock yards and worked well, a couple ran around a little with a stranger present. Walked through crush well and quietly walked out into mob again without any problems		
Handled With	Bikes , On foot , Vehicles		
Assessor Comments	A nice line of steers that have plenty of frame and length and should carry weight on good feed. Have been handled through cattle yards and were easy to handle through out the whole process. Would go well on Oats, These steers are in a Tick free area and have no restrictions for travel. Suitable to either grow to Heavy Steers or grow into good Bullocks. Steers are starting to clean up in coats. Same Vendor has 2 other lots in this sale - 11 Heifers & 5 Steers
