Handled With	Heifers were in yards being weaned on assessment day, so still being handled through the yards. heifers ran where they needed to go and worked well. these are weaner heifers and have had the right start to learn at a young age			
	Bikes , On foot , Vehicles			
Assessor Comments	Nice draft of weaner heifers, there are 2 Heifers as per photo's that are Black & Grey in Colour both by the Droughtmaster Bull out of crossbred Cows, and good heifers too . Heifers would be suitable for a backgrounder set up or quality Heifers to put away for future breeders. All out of good flatback Cows with good temperament. The vendor tells me that his cattle have had good response from previous Feed Lot trials. Soft Heifers and should develop well to carry weight. Heifers are starting to loose winter coats. Same Vendor has 2 other lot's in this same sale - 11 Steers & 5 Steers
