Handled With	Only a handful of weaner steers walked through crush and fed in yards. have people around them each day. Quiet young steers to handle and process through yards Bikes , On foot , Vehicles		
Assessor Comments	Only a small group of 5 Steers suitable for a Oats crop to grow out to either trade steers to Bullocks. Nice easy steers to handle through yards and were easily drafted away from their mates during assessment process. These steers show good growth for their age and should grow into good frame steers. The vendors have had good results in feed trials with their cattle on previous occasions. Steers are starting to loose their winter coats. These steers have had the right start and can only move ahead. Same vendor has 2 other lots in this sale - 11 Steers & 11 Heifers
