Handled With	Weaners had been just taken off mum over night and were stressed due to this process. After being given time to settle weaners responded well. Have been on fresh green feed also. Bikes , Horses , On foot , Vehicles		
Assessor Comments	On offer is a small line of Angus steers that display exceptional quality. High-performance steers with huge growth for age at 10–12 months. Steers averaged ... at assessment. Backed by the proven genetics of Hollywood Angus. These steers are ideal to slip straight into a feedlot and perform. Weaner present in good health.
