Assessor Comments	Outstanding line of breeders EU Angus Heifers from the noted Mulgoa herd at Holbrook. 16 Years Rennylea Angus. Have had all the treatments, drenched and vaccinated. Sought after feedlot cattle carrying the Rennylea bloodlines, exceptional marblers. Heifers have come through a wet and cold winter have frame and maturity to quickly reach joinable weights in the spring. Note 4 with pink eye scarring in eye not considered detrimental. One heifer treated in one eye and patched also not long term detrimental. Odd ringworm but will disappear in hot weather. Well handled in top facilities under low stress management. Very quiet. Buy the best !
